Just How You Want It

Quiet Riot

I know just how you want it
Here goes, just how you need it
I know just how to give it
You say you love me, yes you do
I believe it, 'cause I can see it
When you hold me, a feelin' inside
You're givin' and I'm takin'
I'm there just when you want me
You know I'll never leave you
Happens every time I see you
You got my lovin' in your hands
Don't shake it, don't break it
I love you so much, don't you know
Love thinkin', start dreamin'
I know just how you want it
Here goes, just how you need it
I know just how to give it
I know I know I know (listen)

What you got is what I need
I need your love, can't you see
What you got is up my sleeve
I won't ever make you plead
Here I stand, on the ground
Your love baby, is what I've found
You say you love me, yes you do
I believe it, 'cause I can see it
When you hold me, a feelin' inside
You're givin' and I'm takin'
I know just how you want it
Here goes, just how you need it
I know just how you want it
I know I know I know I know...
I know
