

Casie

Josh Taerk

Verse

Oh hey Casie how you been?
Talking with secret messages
Sitting by the campfire
Watching the way you come to life

And when we joke around
Your voice is the only sound
That sweetens my heart and my ears
Hoping that time could stop right here

Pre-Chorus

Baby don't give up on me
We'll be together one day
Feeling each other you'll see
In the eye of the pouring rain

Chorus

Casie
Please wait for me
Baby baby don't give up the fight
If I could choose my fate
We'd be together tonight

Casie

Don't cry my sweet
I know our time hasn't come just yet
But I'll keep scaling these walls
Cause you're my Juliet

Verse

Listen Casie you need to know
Just how much my love for you grows
Every time I'm with you every time you're near
You give me that smile and I could die right there

Pre-Chorus

Baby don't give up on me
We'll be together one day
Feeling each other you'll see

In the eye of the pouring rain

Chorus

Casie

Please wait for me

Baby baby donâ€™t give up the fight

If I could choose my fate

Weâ€™d be together tonight

Casie

Donâ€™t cry my sweet

I know our time hasnâ€™t come just yet

But Iâ€™ll keep scaling these walls

Cause youâ€™re my Juliet

Bridge/Middle 8

And Case I know itâ€™s hard

To stay so close and have to be so far

Put on a smile with a broken heart

Feeling you while weâ€™re 3000 miles apart

Case you got to know my love is true

And all I want to do is lie next to you

I can feel your heart beating when weâ€™re apart

But you finished the race

Before I could start

Chorus

Casie

Please wait for me

Baby baby donâ€™t give up the fight

If I could choose my fate

Weâ€™d be together tonight

Casie

Donâ€™t cry my sweet

I know our time hasnâ€™t come just yet

But Iâ€™ll keep scaling these walls

Cause youâ€™re my Juliet
