Laura

Darin

OohhBaby your beauty is just something
Away from this time
I never knew that your perfection
Could exist around
I gotta get to know and show you
What I'm all about
Tomorrow's never promised
Got to let my feelings outShould I just talk to ya, baby baby
Should I let you go, no no no no
What if you diss me girl, no no no
No matter what , I'm so onLaura, you're so beautiful
Oh my, oh oh
Laura, you're so magical
No other girl could make me feel this wayYou're like a big hit on the top list straight
From east to south
Your name just seems to be the only word
On every mouth
I know my competition's harder
Then ever before
What to do I'm drowning girl, and I just
Don't know what I'm waiting forShould I just talk to ya, baby baby
Should I let you go, no no no no
What if you diss me girl, no no no
No matter what , I'm so onLaura, you're so beautiful
Oh my, oh oh
Laura, you're so magical
No other girl could make me feel this waySome way some how, (yeah) I gotta do this, girl
I guess the right time is now, I ma give
It a whirl
If you bounce me back, (c'mon) then at least I tried
And if I get a date, that would be alrightL.a.u.r.a Laura do you feel me(Lauraaa)Laura, you're so beautiful
Oh my, (Ohh) oh oh
Laura, (Yeaahh yeah yeah) you're so magical (oohh baby)
No other girl could make me feel this way (feel this way)Laura, (ooh) you're so beautiful
Oh my, (oh oh oh oh) oh oh
Laura, (oh baby baby baby baby baby) you're so magical
No other girl could make me feel this way (feel this way)
