

Layover

Masspike Miles

Fly it's run and late tonight
Even though my love so tight
Passion is ready to take flight
Got a long waste to goLay it on me, raiding on me
Kissin' on me, attraction on me,
I fuck you slowly, why you grabbin on me,
No rush baby no, tonight we gonna have a layover.If landed and have it, can we stay for a while
A layover now, hold on tonight we gonna be oh
Kissin in again, searchin in...
Please tell me that you with it,
Tonight we gonna have a layover.
Ohh over a layover.
Waiting on the moment, for your gangsta open girl
The facts gonna be delayed
All the strips such a body
Girl don't waste so goLay it on me, raiding on me
Kissin' on me, attraction on me,
I fuck you slowly, why you grabbin on me,
No rush baby no, tonight we gonna have a layover.If landed and have it, can we stay for a while
A layover now, hold on tonight we gonna be oh
Kissin in again, such...
Please tell me that you with it,
Tonight we gonna have a layover.
Ohh over a layover.Tonight we're gonna have a layover
If landed and have it, can we stay for a while
A layover now, hold on tonight we gonna be oh
Kissin in again, searchin'...
Please tell me that you with it,
Tonight we gonna have a layover.
Ohh over a layover.Layover baby
