You Bring Me Down

Leona Lewis

You let me down, cant fix you now
Thought I could count on you to be around
You bring me down, down, down, way downWhat is the problem?
Are you taking me seriously?
Is it a joke to you?
Or maybe Im a foolWhy am I trying
So hard to be the girl that you need?
How is this fair to me
When you break the rules?This is too much, dont call it love
You are the reason its so hard to trust
Boy, this ain't what I wanted
And now it's got to stopYou let me down, cant fix you now
Thought I could count on you to be around
You bring me down, down, down, way downNo more tears
Why did I let you have so much control?
I gave my all to you
And you pushed me awayWhy are you here? Oh
Dont you see I'm letting you go?
The damage is done, baby
I have nothing to sayIts gone too far, dont know who you are
I think it's better that we are apart
Boy, I know who I am
And I know where youre notYou let me down, cant fix you now
Thought I could count on you to be around
You bring me down, down, down, way downYou let me down, thought I had found
Someone to catch me when I hit the ground
You bring me down, down, down, way downWould you like it if I did the same thing too?
You wouldn't have lasted walking inside my shoes
Boy, theres no excuse
'Cause of what you did theres no me and youWould you like it if I did the same thing?
You wouldnt have laughed walking inside
Boy, theres no excuse
Thats who you are and Im so over youYou let me down, cant fix you now
Thought I could count on you to be around
You bring me down, down, down, way downYou let me down, thought I had found
Someone to catch me when I hit the ground
You bring me down, down, down, way downDown, down
Stop bringing me, stop bringing me
Down, down, ooh ooh ooh
