Running Away

Maze

If I had my way
I tell you what I'd do
I'd make it all okay
And peace for me and you.
I know you've got trouble
But out of that you'll learn
It's the things you want most
Are the things you got to earn - Ha ha ha
Running Away - we need some greed to the nation (Tell the trouth)
Running Away - leaving a bad situation (wohowohowohowo)
Running Away - we need some greed to the nation (Hey)
Running Away - leaving a bad situation (Hey)
If you get confused
Don't you go nowhere else?
You gonna find all you need
Right there in yourself - ha
We all like to bugging

But life is not a game - no
If don't hurry up
None of this would chain
Ooh - We keep
Running Away - we need some greed to the nation
Running Away - leaving a bad situation (That's what I'm goin' to tell you people)
Running Away - we need some greed to the nation (wohowohuwho...)
Running Away - leaving a bad situation (Woaah)
Come on y'all
Wouoho Wohuo
Wouoho Wohuo... (running away, running away,.)
What we keep on
Running, Running - Running Away...
Running, Running - Running Away...
Why do we keep on running
Running, Running - Running Away...
Running, Running - Running Away...
We can we can we can keep on goin' goin' now!
