No matter how deep and no matter how far you'd be
Looking for you in my dreams i never stop and
I feel warmth whenever you're near now that you're here
Play the song of our love let the music flow
Never stop you and i side by side
Lay in my bed and we can all pretend
Nothing's to blame you know what i want
And i know what you want but wait i'm alone
Without your touch you know i go insaneUrin siganeul neukkiji motaesseotji eueum

When i dream about the love that we made
I see a blue sky shiny stars a blue bird flying high
And i feel your love whenever you're near now that you're here
Start the dance of our love let the rhythm flow
Never stop you and i dance all night
Spend the night and you'd be mine
Then we can all pretend nothing's to blame
You know what i want and i know what you want
But wait you're not here without your love
You know i go insane
