

Blasphemous Attack

Blasphemy

Chiming of three bellscall
hear my cries for Satan I live in sin War I ride
Oh lord hear my bestial cries
Sacrificing of the lamb Son of Satan born of damned
Drink the vomit from the priest
Seven crowns of Hell prevail
[chorus]; Hail now, Black moon rise
Colding vengeance, Devotion rise
Hailing to all evil desires Pray now for destruction and hate Satan now rising in fires Torment by all my hate
Hooded demons in black Chanting around the fires
Now the time has changed to light the candles
[chorus]
