

# You Can Be Mine

Janet Jackson

You can be mine  
You can be mine  
You can be mine  
You can be mine Hey baby, I like your style  
I'd like to hang around  
If you're good, look what you'll find  
I'll let you, you be mine You can be mine  
(If you're good)  
You can be mine  
(You can be mine)  
You can be mine  
(Wish you would)  
You can be mine  
(You can be mine) Not in front, never behind  
Always just right on time  
Always thinking, man with a mind  
Ready to please me, that's my type You can be mine  
(You're so good)  
You can be mine  
(You can be mine)  
You can be mine  
(Wish you would)  
You can be mine  
(You can be mine) You can be mine  
(Make that move)  
You can be mine  
(You can be mine)  
You can be mine  
(I really wish you would)  
You can be mine  
(You can be mine) What'cha gonna do? Better get on your job now  
Time to go to work  
If you want to be mine Better get on your job now  
Time to make me happy  
If you want to be mine Clap your hands  
Uh, be mine You can be mine  
(You're so good)  
You can be mine  
(You can be mine)

You can be mine  
(I really wish you would)  
You can be mine  
(Be mine) You can be mine  
(Make the move)  
You can be mine  
(Should be mine)  
You can be mine  
(Yeah yeah)  
You can be mine  
(Should be mine, baby) Jellybean, jellybean  
Jellybean, jellybean I can't believe this  
Just look what he's doing to be mine  
You get a kick out of it Baby, you can be mine  
You can be mine  
Fellas, help me out  
That's good Can I hear that line one more time?
