

# More Than a Lover

## Erica Campbell

Blown in the breeze, falling like leaves  
Give me a chance to recover  
Deep in you eyes half of me lies  
Let me be more than a lover  
Let me be more than a lover  
Oh, let it be known you're my heart, you're my home  
You're the world that I wanna discover  
All I can give is the way that I live  
And I wanna be more than a lover  
Oh, let me be more than a lover  
Lovers are like stars in the night  
Never quite touching each other  
Deep in your eyes half of me lies  
Let me be more than a lover  
Let me be more than a lover  
Oh, let it be known you're my heart, you're my home  
You're the world that I wanna discover  
All I can give is the way that I live  
And I wanna be more than a lover  
Oh, let me be more than a lover  
Oh, let it be known you're my heart, you're my home  
You're the world that I wanna discover  
All I can give is the way that I live  
And I wanna be more than a lover  
Oh, let me be more than a lover  
Let me be more than a lover
