Let's Go Surfing

The Drums

Wake up
It's a beautiful morning
Honey, while the sun is still shining
Wake up
Would you like to go with me?
Honey, take a run down to the beachOh, mama
I wanna go surfing
Oh, mama
I don't care about nothingWake up
There's a new kid in the town
Honey, he's moving into the big house
Remember
When I was so very hopeless
Darling, he's gonna make it all betterOh, mama
I wanna go surfing
Oh, mama
I don't care about nothingDown, down baby
Down by the rollercoaster
Sweet, sweet baby
I'll never let you go (X 4)Oh, mama
I wanna go surfing
Oh, mama
I don't care about nothingOh, mama
I wanna go surfing
Oh, mama
I don't care about nothing
