

# Red sails in the sunset

## Engelbert Humperdinck

Red sails in the sunset, way out on the sea  
Oh, carry my loved one home safely to me  
She sailed at the dawning, all day I've been blue  
Red sails in the sunset, I'm trusting in you  
Swift wings you must borrow  
Make straight for the shore  
We marry tomorrow  
And she goes sailing no more  
Red sails in the sunset, way out on the sea  
Oh, carry my loved one home safely to me

Swift wings you must borrow  
Make straight for the shore  
We marry tomorrow  
And she goes sailing no more  
Red sails in the sunset  
Way out on the sea  
(Ooh wee ooh, wee-ooh)  
Oh, carry my loved one  
(Home safely to me)
