To this familiar feeling
Nothing can come close
To this familiar feelingNothing can come close
To this familiar feeling
Nothing can come close
To this familiar feelingNothing can come closeI never doubted it
What's for you will not pass you by
I never questioned it
It was decided before I asked whyIt's all there, ever was
And it's all there, ever will be
How could you have questioned us?
It's yourself, you deceiveNothing can come close
To this familiar feeling
We say it all without
Ever speakingNothing can come close

To this familiar feeling
We say it all without
Ever speakingNothing can come close
To this familiar feeling
We say it all without
Ever speakingNothing can come close
To this familiar feeling
We say it all withoutHush now, no need to say the words
At first sight you perfectly heard
Love in all its entirety
Is no less than we deserveI saw your face, some place
I felt this feeling before
Is it deja vu?
Do I somehow know you?Nothing can come close
To this familiar feeling
We say it all without
Ever speakingNothing can come close
To this familiar feeling
We say it all without
Ever speakingNothing can come close
To this familiar feeling
We say it all without
Ever speakingNothing can come close
To this familiar feeling
We say it all withoutNothing can come close
To this familiar feeling
We say it all without
Ever speakingNothing can come close
To this familiar feeling
We say it all without
Ever speakingNothing can come close
Nothing can come closeNothing can come close
To this familiar feeling
We say it all without
