Kisser (Dart Party Remix)

Step Rockets

KisserYour body's so warm
Your skin's so soft
You're turning it tight
You're turning me onTake away the nighttime
Take away my pain
Move me out of here
To a far away place
Where gravity is meaningless
And meaning has no end
You have to be a little cruel
To take out the pain before you put my body in
Leave a light, leave a little loving light on
Kiss her once, kiss her twice to keep the night on
Leave a light, leave a little loving light on
Kiss her once, kiss her twice to keep the night onWhat the hell am I doing here
What do I deserve
I'm breaking into photographs
I'm digging in the earthTake me to the mountain top
Take me to the bay
I've been here to hell and back
Earth spinning backwards for a day
Digging my own graveyard
For all my deadly thoughts and dreams
Slowly choking my own red heart
So I can give myself to thee
Leave a light, leave a little loving light on
Kiss her once, kiss her twice to keep the night on
Leave a light, leave a little loving light on
Kiss her once, kiss her twice to keep the night on
