

# Just Say I Love Her (Dicitencello Vuie)

Dean Martin

Just say I love her  
I've loved her from the start  
And tell her how I'm yearning  
To say what's in my heart Just say I need her  
As roses need the rain  
And tell her that without her  
My dreams are all in vain If you should chance to meet her  
Anytime anywhere  
I was a fool to leave her  
Tell her how much a fool can care  
And if she tells you  
She's lonely now and then  
Won't you just say I love her  
And want her back again Won't you just say I love her  
And want her back again
