How Can I Wait

Julie Andrews

How can I wait, can I wait till tomorrow comes?
How can I live till tomorrow comes?
How can I make every minute fly
Till that shiny moment when I'll be seeing him again?I gonna die, gonna die or be old and gray
Why is tomorrow so far away?
How can I talk? Can I breath? Can I eat?
What can I do with my hands and my feet?
How can I wait, can I wait till tomorrow comes?Starlight go away, fade away, blow away
Sunrise come again, make a new sunny dayOh what can I do, can I think about?
How can my heart keep from jumping out?
How can I sleep? Couldn't sleep if I tried
Where can I run till I run to his side?
How can I wait till tomorrow comes?
