

No One Else

Mary J Blige

Many have called but the chosen are few
The best of the few is you
You know exactly what to do
Baby, your time is so perfect
Why in the hell I deserve it
Keep on doin' what you do No one else, no one else
Can do me like you do me
No one else no, no one else
Can do me like you do me Happy 1 plus happy 1 is 2
Happy 2 is me and you
Our love was meant to be
Yes, we have our up's and down's
But somehow we came around
And we made each other love so free Can't lie, now I'm satisfied
Yes I'm satisfied even when I cry
Won't stray, stray away from you
I would be a fool, you know these words are true No one else, no one else
Can do me like you do me
No one else no, no one else
Can do me like you do me Can't lie, now I'm satisfied
Yes I'm satisfied even when I cry
Won't stray, stray away from you
I would be a fool, you know these words are true No one else, no one else
Can do me like you do me
No one else no, no one else
Can do me like you do me No one else, no one else
Can do me like you do me
No one else no, no one else
Can do me like you do me No one else, no one else
Can do me like you do me
No one else no, no one else
Can do me like you do me No one else, no one else
Can do me like you do me
No one else no, no one else
Can do me like you do me
