There's a great pair of eyes
And their resting in your pretty head
Though I don't know quite why
But I'll never express how I feel Yes it's true I've been tamed
The past two years I've really changed
There's a great pair of crimes
The loneliness of you and I And all I want is another try
Yes all I want is to just feel the same
So what's your name, your name And all I want is another try
Yes all I want is to just feel the same
So what's your name, your name, your name I'll be the last notch in your belt
Does it look like me when there's no one else
I'll settle for a brief moment in time
If you'd settle for a quick rewind Someday you'll realize that you needed me
Once or twice, When I need you to stay
I'll always remember these summer days And all I want is another try
Yes all I want is to just feel the same
So what's your name, your name And all I want is another try
Yes all I want is to just feel the same
So what's your name, your name, your name Oh Oh Oh
