

Did I Ever Love You

[Willie Nelson](#)

Did I ever ever love you, did I ever really care?
All the times that I cried for you
Did I really want you there?Wiser man then I have wondered
About love and never knew
Did I ever love you? I guess I still doAll the nights that I spent cryin'
All those lonely loss of times
Was it my imagination, was it only in my mind?
Wiser man then I have wondered [unverified]
