The wavelength gently grows
Coercive notions re-evolve
A universe is trapped inside a tearIt resonates the core
Creates unnatural laws
Replaces love and happiness with fearHow much deception can you take?
How many lies will you create?
How much longer until you break?
Your mind's about to fallAnd they are breaking through
They are breaking through
They are breaking through
And we are losing controlAnd they are breaking through
They are breaking through
They are breaking through
Now we're falling, we are losing controlInvisible to all
The mind becomes a wall
All of history deleted with one strokeHow much deception can you take?
How many lies will you create?
How much longer until you break?
Your mind's about to fallAnd they are breaking through
They are breaking through
They are breaking through
Now we're falling, we are losing control
