

# Your Friend

## The Nightriders

I don't wanna have to be your friend  
I'm so tired of tryin' to be your friend  
I don't wanna have to be your friend, no anymore  
What is happening my friend?  
You see I use the term so loosely these days  
Seems we're headed towards the end  
Soon to be parting our ways  
'Cuz you've never done a thing for someone else  
Unless you thought that you could help yourself  
And now the day is here when you have found  
You finally need the help of someone else but they won't help  
'Cuz what you do, you know it's always just for you  
So I don't care about you anymore  
I don't wanna have to be your friend  
I'm so tired of tryin' to be your friend  
I don't wanna have to be your friend, no anymore  
When it really doesn't matter what I say  
'Cuz you're never gonna listen to me anyways  
Well, I don't wanna have to be your friend, no anymore  
It seems you've fallen once again  
Like you've done a thousand times before  
And now you need a certain friend  
Someone you can count on  
But I don't wanna be the one who's always  
Gonna have to make it up to you  
And I don't wanna be responsible for all the stupid little  
Things you say and things you do  
'Cuz what you did, it seems you've messed up once again  
So I don't care about you anymore  
I don't wanna have to be your friend  
I'm so tired of tryin' to be your friend  
I don't wanna have to be your friend, no anymore  
When it really doesn't matter what I say  
'Cuz you're never gonna listen to me anyways  
Well, I don't wanna have to be your friend, no anymore  
You call me late at night when things are not all right  
You need someone to get you through again  
You need a helping hand, someone who understands  
You're begging and pleading but this time I'm not dealing

'Cuz I walked this road with you too many times before  
And I realize now that this is not what I want anymore  
I don't wanna have to be your friend  
I'm so tired of tryin' to be your friend  
I don't wanna have to be your friend, no anymore  
When it really doesn't matter what I say  
'Cuz you're never gonna listen to me anyways  
Well, I don't wanna have to be your friend, no anymore  
I don't wanna have to be your friend  
I'm so tired of tryin' to be your friend  
I don't wanna have to be your friend, no anymore
