Cyberworld

Halford

You're trapped inside my cyber world
Consumed up as my web unfurls
No secrets left for your mankind
My virus lurks throughout your veins
I'm spreading there inside your brains
A Trojan horse that eats your mindCyber world, aah
Cyber world, ahh
I've got your power, aah
Cyber world, aah
Cyber world, aah
I will devour, yea yea aahAt speed of lies I will connect
I search and surf as I infect
Computerized catastrophe
Your information's what I steal
I scan you till you are unreal
Transmit your power into meCyber world, aah
Cyber world, aah
I'll steal your mind, aah
Cyber world, aah
Cyber world, aah
For all mankind, yea yea aahYou're dying in your cyber world
You're lying in my cyber world
You're trying in my cyber world
You're crying in my cyber world
