Sweet Little Kitten (Acoustic Session)

Husky Rescue

Sweet little kitten on the porch sleeps in the sun
The sunbeams climb up on the wall
Climbing until they find the rooftop don't stop until the icepicks
Melt in to the floor
Go slowly don't wake me don't shake me up
Easy don't wake up don't shake me up
Small girls with sun warm hands cuddle bring him milk
then run after make castles in the snow
Jokers juggle in the air rainbow colored fountains of sugar waters flow
Go slowly don't wake me don't shake me up
Easy don't wake up don't shake me up
