Maniak

VERONIKA

Get up !
Brutality, in action
Be me becoming an animal
Blue eyes, bloody sight
Ready for a fatal fight
Maniak !
Anal way to explain you
This hate I feel is all for you
Prepare yourself to be killed
Time has come for me to crush you
Get up !Wake up !Maniak !Born to kill...
Maniak !Born to kill...Slave to violence
Destroyer of innocence
Genetic decadence
Rituals ,voodoo dance
Maniak !
Rape flashes ,mad obsessions
Sodomy, strangulation
Watch your movie stars on t.v
Let me paint unforgiven scars on your skin
Get up !Wake up !Maniak !Born to kill...
Maniak !Born to kill...High level of adrenaline
Let me push you down into your coffin
Mouth open, still hot breath
Disillusions, death is real
Maniak !
The bloody color of your red fluid
Lay in a bed of hemoglobin
By killing you I build myself
Your dead sight reflecting my face !
