Where's The Love

Syleena Johnson

Where?s The Love
Syleena Johnson & Introducing Teefa
Chorus:
You can get money
You can have power
Yea, but where is the love?
(You can get money, money can?t buy love)
You can get money
You can have power
Yea, but where is the love?
(money, power)
Money, power, respect
Verse One:
More ice than an Eskimo
Big crib, a C.E.O.
White Range on 44?s
But no love to call your own (Heyyyyyyy)
You can get money
But what is it to gain a world
You can buy material things
When the greatest gift of all is love
Chorus:
You can get money
You can have power
Yea, but where is the love?
(You can get money, money can?t buy love)
You can get money
You can have power
Yea, but where is the love?
(money, power)
Money, power, respect
Bright lights, fancy clothes,
Front row at fashion shows
First class and limousines
But what does it really mean (Heyyyyyy)
You can get money
But what is it to gain a world
You can buy material things
When the greatest gift of all is love

Chorus:
You can get money
You can have power
Yea, but where is the love?
(You can get money, money can?t buy love)

You can get money
You can have power
Yea, but where is the love?
(money, power)
Money, power, respect
