Sunset (feat. Yuna Zaraai)

The Internet

Life's a mess
Mind's in disarray
So are my clothes
As I undress
And pick an outfit for this sunny day
Cause it's okayI attempt
Not to let my optimism slip away
Cause it's okayCause as long as the sun is rising
We can get up, and brighten
Somebody's day
I'm shinin' bright as the rays
Inside my soulSo, maybe you feel it
Maybe you don't
Maybe you love it
Maybe you won't
Maybe the sunshine isn't enough
To heal your pain
So, maybe you play
Or maybe you fold
Baby you stay
Baby go
Maybe you touch me
I'll be afloat
Or maybe we'll stop somewhere down the road
Put on some headphones, sit at my home
Watchin' the sun set
Shed its good light on me, yeahI obsess
Over things that shouldn't matter
But they do
And it affects me
In the worst possable way
But it's okay
We forget
What a big part all the little things can play
And that's okayCause as long as the sun is rising
We can get up, and brighten
Somebody's day
I'm shinin' bright as the rays

Inside my soul
