

I'll See You

Delirious?

I'll see you when I get there
Shining like the sun
I'll see you when I get there
Into your arms I'll runI'll see you when the wind blows
Running without fear
Born to rest in your Father's arms
Your joy has dried the tearsI'll see you when I get there
When my life's complete
Will you take me to Jesus' feet?
Hand in hand we'll sing, sing for youWe're gonna sing for you
We're gonna sing for you
We're gonna sing for you
Jesus, we're gonna sing for you
