

Emily

Hot Club Of Cowtown

In love I'm fallin', my heart's a callin'

Emily, Emily

The birds are singing, my ears keep ringing

a melody tenderlyE's for eternity, M that she's mine,

I love you Emily, that's I-L-YI'll show you off everywhere that we go

Other guys dream, but only I know

I may never make history

Doesn't matter long as you're with me

I love you Emily, and it shows
