Your Momma Won't Know

Pretty Boy Floyd

I hit you on the spot
It was getting hot
You were just about to let go
We were in my car
We almsot ran to far
But we stopped fast when you said no

Your momma taught you it aint right
So you wont
Everytime we get close
You say dont
She told you what to say
To keep the boys away

But your momma wont know
If i hold you tight
Your momma wont know
If we kiss tonight
Your momma wont know
If we do or if we dont
All i wanna know is if we will or if we wont

Girl you turn me on
Temptation getting strong
And i know that you feel it to
Cus its you i craze
And i cant behave
You make it so hard to do

Your momma taught you that its right
Just to wait
Everytime that we get close
You hesitate
She told you what to say
To keep the floyds away

But your momma wont know
If i hold you tight
Your momma wont know
If we kiss tonight

Your momma wont know
If we do or if we dont
All i wanna know is if we will or if we wont

You know she's gonna say
Did you go all the way?
She'll never ever know
The hours getting late
So dont you hesitate
Tell me yes or no
Do we stop or go

But your momma wont know
If i hold you tight
Your momma wont know
If we kiss tonight
Your momma wont know
If we do or if we dont
All i wanna know is if we will or if we wont

But your momma wont know
If i hold you tight
Your momma wont know
If we kiss tonight
Your momma wont know
If we do or if we dont
All i wanna know is if we will or if we wont
