

# Hit So Hard

## Hole

Put me up above the boy  
The one I love, I should destroy  
My sweet tooth has burned a hole  
Forget about it all  
He hit so hard, I saw stars  
He hit so hard, I saw God  
He's cold, give him a candy coat  
He can't swim but he can float  
One by one they all fall down  
I look at him and drown  
He hit so hard, I saw stars  
He hit so hard, ooh I saw God  
I saw God  
Just when the shining flowers  
God  
Your secret safe tonight  
God  
So much, so much to lose  
God  
So glad to [Inaudible]  
He's so candy, my downfall  
Melts in my mouth, 'til he's nothin' at all  
This keeps me, I can't sleep  
He rages to be true  
He hit so hard, I saw stars  
He hit so hard, ooh I saw God  
I saw God  
Just when the shining flowers  
God  
Our secret strength tonight  
God  
Look at the pretty life  
God  
Oh man, he hit so hard, I saw stars  
He hit so hard, ooh I saw God  
Ooh I saw God
