

War Inside of Me

Natives

I hid my heart away
unsure of its existence
I left my mind to sit and calculate the distance Undeniably, war inside of me
Numbers, it's pure elementary I'll give my nights away
and some may call it wasted
I'll have no need for pain
I'll have no need for secrets
I'll make friends with the devil's company
Meet my ends with the most attractive means Let it all fall, let it all come down
Tumbling walls, let the dark in
Let it all fall, let it all come down
I'm better off like this Oh-oh-oh-oh-oh
Isn't it obvious?
Oh-oh-oh-oh-oh
Numbingly obvious, right now
Right now So say your prayers
It ain't your stairs
I'll let the dark in
The only pair without a care
I'll let the dark in Oh-oh-oh-oh-oh
Isn't it obvious?
Oh-oh-oh-oh-oh
Numbingly obvious
Oh-oh-oh-oh-oh
Isn't it obvious?
Oh-oh-oh-oh-oh
Numbingly obvious, right now
