

# One Kiss Too Many

Eddy Arnold

I had one kiss too many and it went right to my heart  
What a fool I was to fall in love with you  
I had one kiss too many and should've known right from the start  
I was kissing someone who just couldn't be trueI knew the morning after I made a big mistake  
That extra kiss was more than this poor heart of mine to take  
I had one kiss too many, I remember it and I cry  
'Cause when I kissed you I kissed my heart goodbyeI had one kiss too many and it took me by surprise  
Now I know I'll never ever be the same  
I had one kiss too many should've never close my eyes  
'Cause I know that you were only playin' a gameI should've been contented to take a kiss and run  
I had to hang around until I got that fatal one  
I had one kiss too many it was just too much for me  
Oh, but one kiss less my heart might still be free
