

# No One Will Ever Know

**Roy Orbison**

No one will ever know my heart is breaking  
Although a million teardrops start to fall  
I'll try myself to sleep and wake up smiling  
I miss you but no one will ever know I'll tell them we grew tired of each other  
And realized our dreams could never be I'll even make believe I never loved you  
Then no one will ever know the truth but me I'll tell them we grew tired of each other  
And realized our dreams could never be
