

# Reason to Believe (Acoustic)

## Sum 41

I've been waiting for something for so long  
To show me the answers that I want  
A reason to believe in that's so strong  
But I don't think that it exists I've been waiting for something for so long  
To show me the answers that I want  
A reason to believe in that's so strong  
But I don't think that it exists Yeah, give me reason to believe  
This world is not a sick machine  
When everywhere's a dead end in every direction  
Yeah, can you give me what I need  
Or just sit and watch me bleed?  
'Cause after all, you can't get everything you want now But all we need is love  
Faith to keep me moving on Everybody's got a secret, can you tell me what is mine?  
Can you tell me what you'd find, I'll tell you if you keep it  
I promise not to lie, ooh Well, I have the fears, the pain and the tears I just can't hide  
It all disappears 'cause everything passes with the tide  
All you need is reason to believe
