

Love Is a Trip

Sarah Buxton

Buckle up, baby
Two, three, four Well, it's on again, off again
Maybe we should just be friends
Breakin' up, makin' up
Call your momma, all the drama Her fault, your fault, restaurant an' make a scene
Red dress, make up sex, dirty baby talk
Talkin' rings, diamond rings
Take it all with a smile, go for miles an' miles Li-li-li-life is a journey, twistin' an' turnin'
Can't ever say what'll happen next
You're thinkin' it's somethin' but you ain't seen nothin'
Life is a journey but love, love, love, love is a trip
It's a trip, yeah Now you buy a house, buy a couch
Think you got it figured out
Six months, one night
Then you had your first fight Your fault, her fault, restaurant an' make a scene
Red dress, make up sex
Now you're talkin' baby things in the spring
Go out with a smile and a Walmart style Li-li-li-life is a journey, twistin' an' turnin'
Can't ever say what'll happen next
You're thinkin' it's somethin' but you ain't seen nothin'
Life is a journey but love, love, love, love is a trip
It's a trip, yeah, it's a trip All the lovin', oh, an' huggin'
You're cussin', fussin'
Yeah, you know you're lovin' it Life is a journey, twistin' an' turnin'
Can't ever say what'll happen next
You're thinkin' it's somethin' but you ain't seen nothin'
Life is a journey but Li-li-li-life is a journey, twistin' an' turnin'
Can't ever say what'll happen next
You're thinkin' it's somethin' but you ain't seen nothin'
Life is a journey but love, love, love, love is a trip
It's a trip, yeah, wadin' down Missisip'
(Love, love, love, love is a trip) It's a trip
(It's a trip)
Buckle-up, baby
(Love is a trip)
It's a kiss from St Louis red lips C'mon, baby
(Love is a trip, it's a trip)
It's a trip, yeah
(Love is a trip, it's a trip)

Ooh, yeah, yeah, yeah
