

One More Chance

[Ricky Dillard & New G](#)

I thank God for another chance Thanks for giving me one more chance
Another chance just to praise His name Thanks for giving me one more chance
Another chance just to live again Thanks for giving me one more chance

A chance just to fix my life

Get it right

Walk that straight, straight and narrow way

Every time I praise Him, I say thanks

For giving me one more chance Thanks for giving me one more chance Thanks for giving me one more chance
to walk upright

Thanks for giving me one more chance both day and night

Thanks for giving me one more chance to get it straight

Thanks for giving me one more chance don't hesitate

To walk upright both day and night

To get it straight, don't hesitate

Thanks for giving me one more chance (thanks)
