Tonight
(Tonight)
Tonight
(Tonight)Tonight
(Tonight)
TonightLet me be the one who's loving you tonight
Let me be the one who really holds you tightI'll even bring along a magic moon
Just to make you feel alright
So let me be the one who's loving you tonightLet me be the one who takes you by the hand
(Let me be the one)
Let me be the one who always understands
(Let me be the one)Everybody knows we've been good friends
But I think the time is right
So let me be the one who's loving you tonightYou and I could have an affair
(All you gotta do is)
Make sweet music go anywhereBuilding highways taking us there
As long as I know you really care
Won't you show me you care?Oh, come on
Let me be the one who's loving you tonight
(Let me be the one who's loving you tonight)
Let me be the one who really holds you tight
(Let me be the one who really holds you tight)I'll even bring along a magic moon
Just to make you feel alright
So let me be the one who's loving you tonightWon't you show me you care?Oh, come on
Let me be the one who takes you by the hand
(Let me be the one who takes you by the hand)
Let me be the one who always understands
(Let me be the one who always understands)Everybody knows we've been good friends
But I think the time is right
So let me be the one who's loving you tonight
Let me be the one who's loving youTonight
