Reunion

The xx

We visit a life we both left behind, leave it all behind.
Move to the ever-moving
Or, blazing, we go over
And over and over and over again
If I wait too long, I lose you from my sight
but may be tonight,
I could stop dreaming
And start believing in forever
And ever and ever and ever again
Reunion. Reunion.
Reunion. Reunion.
Never not ever, never not ever again.
And it's burning inside, 'til you give it up
How long should I wait?
There's no need to hide, I let
There's an end to us with someone else inside, a shining light.
There goes that feeling, won't let me see them.
Never not ever, never not ever again.
Did I
see you
see me
in a new light?
Did I
see you
see me
in a new light?
Did I
see you
see me
in a new light?
Did I (Never not ever) see you (Never again)
See me (Never not ever) in a new light? (Never not ever again)
Did I see you see me?
Never not ever, never not ever again
