Fishin'

Elvin Bishop

Well I grab my fishin' poll and I head down to the pond
Walk up to a tree and I use it as a John
Set the minner bucket down right beside my tackle box
Yeah I'm goin fishin'
Unfold my lawn chair kick back in the sun
Drinkin' lemonadeand havin' so much fun
You can take me out the country but can't take the country outta me
I'll always find time to go fishin'
Lets go fishin'
Lets go fishin'
Well come on everybody lets go fishin'
Put a minner on my hook and I cast it really far
Watch the bobber dance as I'm playin my guitar
Two minutes in the water I've already got a bite
Man I love goin' fishin'
Well fishin' makes ya happy when yer feelin' kinda sad
It's fun to catch a bass when somebody makes ya mad
Watch the dragonflies dance at the end of yer pole
Yeah I love goin' fishin'!
I'm goin' fishin'
Lets go fishin'
Well come on everybody lets go fishin'
That last five pounder really put up a fight
If the fishin's gonna be this good I'll be here all night
I hope I catch the fish that took my bait last week
Man I love goin' fishin'
When yer feelin' really down and you don't know what to do
Just grab yer fishin' pole and a spinner bait or two
Head to the nearest pond, find a spot to throw it in and have a good time goin' fishin'
Lets go fishin'
Lets go fishin'
Well come on everybody lets go fishin'
Lets go fishin'
Lets go fishin'
Well come on everybody lets go fishin'
(Talking to person):Come on ya'll! I got the crickets, you got the worms? Okay, make sure we got plunty of slip shots. You bring the hemo stats? What about the net? You got the net?
