Curse On You

[Jackyl](#)

I'm reachin' out for you
You know what I'm gonna do
Use the power that's in my hands
To make my wishes your ever commandI put a curse on you, on you
I put a curse on youI was born of bad blood
A rare mixed breed
With the eye of the devil
And the demon seedI put a curse on you, on you
I put a curse on youAnd when the night falls
You feel it creepin' up on ya
That's when those creepy things
Go bump in the nightAnd it's reachin' up
Around your back
And it's pullin' you downI put a curse on you, on you
I put a curse on you
