

Is This What Feeling Gets? (Dorothy's Theme)

Diana Ross

Feelin', Feelin'
Swear to God, this is more than I can deal with
Thinkin' back on that old song
Where did I go wrong by caring and sharing? Mean, together no matter I can't stand not knowing
Is this what feeling gets a hope for happy endings?
Alone and scared something I don't want to be
What did he see when he looked inside of me? If this is just a dream
How come I feel like screaming?
This is the real world
Gotta do what you must, girl Well, can I, can I?
Is this what feeling gets?
So is there a happy ending?
