Sick of Man

Cold

Gave all the vampires back to God that day
No one got raped here but the pain's still inside
I'll never love you but I've got words to say
No one betrayed here but the memories lieI said,"Don't go away" Turned off the lights
And then you said,"Please don't follow me" And you cared
I said,"Don't go away" Turned off the lights
And then you said,"Please don't follow me" And you caredYou stole my passion, burned out everything
They're all the same here, locked up change deep inside
I'll never love you but I've got words to say
You killed the feeling but the pain's still aliveI said,"Don't go away" Turned off the lights
And then you said,"Please don't follow me" And you cared
I said,"Don't go away" Turned off the lights
And then you said,"Please don't follow me" And you caredYou kept your, you kept your, you kept your
Feelings hidden like a psycho
Burned it all down
Take me with youWon't you let me go?
Won't you let me go?
Won't you let me go?
Won't you let me go?
Won't you let me go?I said,"Don't go away" Turned off the lights
And then you said,"Please don't follow me" And you cared
I said,"Don't go away" Turned off the lights
And then you said,"Please don't follow me" And you caredWhen you're so sick
When you're so sick
When you're so sick
When you're so sick
