

For the Love of Ivy

Japandroids

You look just like an Elvis from hell
My heart is broken, and I'm going to hell
Bury me way down deep in hell
I'm a steel driving man, I want to go to hell Then go tell Ivy
For the love of Ivy
I did it for Ivy
You're the one Gonna buy me a graveyard of my own
And kill everyone who ever done me wrong
Gonna buy me a gun just as long as my arm
And kill everyone who ever done me harm Then go tell Ivy
Yeah go tell Ivy
For the love of Ivy
You're the one Jawbone eat and jawbone talk
Jawbone eat you with a knife and fork
I was hunting for answers down in the dark
When suddenly I had a better thought Let's go hunt Ivy
Let's go get Ivy
For the love of Ivy
You're the one I was all dressed up
Like Elvis from hell
