

# Know Your Enemy

## Rage Against the Machine

Huh!  
Yeah, we're comin' back then with another bombtrack  
    Think ya know what it's all about  
        Huh!  
        Hey yo, so check this out  
            Yeah!  
            Know your enemy!  
        Come on! Born with insight and a raised fist  
        A witness to the slit wrist, that's with  
            As we move into '92  
        Still in a room without a view  
            Ya got to know  
            Ya got to know  
        That when I say go, go, go  
            Amp up and amplify  
            Defy  
        I'm a brother with a furious mind  
            Action must be taken  
            We don't need the key  
        We'll break inSomething must be done  
            About vengeance, a badge and a gun  
        Cause I'll rip the mike, rip the stage, rip the system  
        I was born to rage against 'emFist in ya face, in the place  
            And I'll drop the style clearly  
        Know your enemy...Know your enemy!  
        Yeah! Hey yo, and dick with this uggh!  
            Word is born  
            Fight the war, fuck the norm  
                Now I got no patience  
                So sick of complacence  
        With the D the E the F the I the A the N the C the E  
            Mind of a revolutionary  
            So clear the lane  
            The finger to the land of the chains  
                What? The land of the free?  
        Whoever told you that is your enemyNow something must be done  
            About vengeance, a badge and a gun  
        Cause I'll rip the mike, rip the stage, rip the system  
        I was born to rage against 'emNow action must be taken

We don't need the key  
We'll break inI've got no patience now  
So sick of complacence now  
I've got no patience now  
So sick of complacence now  
Sick of sick of sick of sick of you  
Time has come to pay  
Know your enemy!Come on!  
Yes I know my enemies  
They're the teachers who taught me to fight me  
Compromise, conformity, assimilation, submission  
Ignorance, hypocrisy, brutality, the elite  
All of which are American dreams
