

# All Night Long

## Buckcherry

All night long  
Yeah, we're going all night long  
Here we go all night long  
Everybody, all night long, yeah Are you ready to go all night long?  
Make you stop in your tracks  
When you're singing our song  
A good time coming  
Will keep your motor running all day, yeah You know you like it 'cause you're having fun  
And the feet get you moving to the good time strum  
The walls come down and you let it all out  
Let me hear you say Yeah, we're going all night long, all night long  
Yeah, we're going all night long  
Do it anyway you want  
And do it all night long You know you got it when you're having fun  
And the rock 'n rolls shaking you under the sun  
You scream and you shout, this is what it's all about  
It's the only way You got it started, now we'll tear it up  
Got a speaker box pumping, bang your head to the drums  
A smile on your face 'cause you found your place  
Let me hear you say Yeah, we're going all night long, all night long  
Yeah, we're going all night long  
Do it anyway you want  
And do it all night long Do it right, do it all night  
Do it for the drum  
Whatcha waiting for? I wanna dig it in the Jailhouse Rock  
Wanna feel it from my head rock down to my socks  
That's what it means when you're living your dreams  
Let me hear you say Yeah, we're going all night long  
All night long  
Yeah, we're going all night long  
All night long Yeah, we're going all night long  
All night long  
Yeah, we're going all night long  
Do it anyway you want  
And do it all night long Do it anyway you want  
And do it all night long  
Do it anyway you want  
And do it all night long
