## **Smartboy**

## Glasseater

indian style sitting my age of six everyone's one minute attention span all eyes on me my first failure my first fall my witness to my cycle fall getting back up the feel of defeat i can't believe that i was actually beat this blue monster which i will soon ride with two legs instead of four come witness my triumph go watch me ride this machine the way it's supposed to be finally surpassing my families doubts and beliefs i'm a winner indeed i am my master plan has worked now i can cruise the lane in a addiction bike riding my knuckles grip tight i've got to ride this beast the air hitting my face my craving to ride this bike up and down my block so i can be my town's new hype
