

Jeep

Joe

Sex in my jeep baby, Back seat on my jeep baby (baby, baby)
We can freak in my jeep baby, The steel of wonders on my jeep baby
On my bumps up and slow baby, So you can make that body roll baby (baby, baby)
We can head to the third row swing us an episode, Girl let yourself go
Back seat on my jeep, on my jeep
Could jump in my HUMMA, let's take a ride, I like spending my summers in a specious rides
Turn on my TV, relax a while, we can chill with an AC or windows down
Let's stop by the mall, pick up a thing or two, If you see something you like for free then
Grab it boo
Let's stop by the food court so we can eat, after shopping and grabbing, that's fine and cheap
Let's do it with some sipping while talking and riding
Girl it's on tonight
We can start some touching, by then we will be buzzing, this jeep is our bedroom tonight
Sex in my jeep baby, Back seat on my jeep baby (baby, baby)
We can freak in my jeep baby, The steel of wonders on my jeep baby
On my bumps up and slow baby, So you can make that body roll baby (baby, baby)
We can head to the third row, swing us an episode, Girl let yourself go
Back seat on my jeep, of my jeep
I'm a pull over and make a stop, you're looking like what palm my other stuff
You've been throwing it all day, you know it laid, the back seat of my jeep, let's swing it F
Bay
Freaking you down while the spree wheel are spinning, bumping your body my system sick with it
Jacket and handcuffs these windows are tinted, you lace it your lies my detail will clean it
Let's do it with some sippering while talking and riding
Girl it's on tonight
We can start some touching, by then we will be buzzing, this jeep is our bedroom tonight
Sex in my jeep baby, Back seat on my jeep baby (baby, baby)
We can freak in my jeep baby, The steel of wonders on my jeep baby
On my bumps up and slow baby, So you can make that body roll baby (baby, baby)
We can head to the third row swing us an episode, Girl let yourself go
Back seat on my jeep
Say the word, baby, we can make a stop, we can find a dark spot in this parking lot
Baby pull over
Are you ready
Yes I'm ready
Ooohh, woow, aaahh we can take it slow we got the whole night, buckle up girl get ready for
This bumpy ride
Baby pull over
Are you ready

Yes I'm ready
This jeep is our bedroom tonight
Sex in my jeep baby, Back seat on my jeep baby (baby, baby)
We can freak in my jeep baby, The steel of wonders on my jeep baby
On my bumps up and slow baby, So you can make that body roll baby (baby, baby)
We can head to the third row swing us an episode, Girl let yourself go
Back seat on my jeep, of my jeep
