Fallen

John Waller

Intimate lover, I'm taken with You
Lost in Your beauty, Lord
Intimate lover, my comfort, my shelter
My refuge, my shepherd You are

Your love is deep and wide like a canyon
Too long have I stood on the edge

But now I've fallen, I've fallen
In Your beautiful, intimate love
I have fallen, I've fallen
Forever in intimate love with You

My intimate lover, I'm consumed by You
Over my head in Your love
Intimate lover, I'm learning to trust You
I've tasted and seen You are good

Your love is deep and vast as the ocean
Too long have I stood on the shore

But now I've fallen, I've fallen
In Your beautiful, intimate love
I have fallen, I've fallen
Forever in intimate love

How deep and wide, how long and high
Your beautiful, intimate love
How deep and wide, how long and high
Your beautiful, intimate love

I've fallen, I've fallen
In Your beautiful, intimate love

Jesus, intimate lover
Jesus, intimate lover
