

# All You've Got

[RTZ](#)

Well I heard things took a turn for you  
And now you don't know what to do  
Sometimes it's a matter of degrees  
From being up on your luck  
To being down on your knees  
And now you're under pressure to choose  
You're in so deep you've got nothing to lose  
So give it all you've got, give it all you've got  
Give it all you've got  
Just look 'em straight in the eye and tell 'em  
Take your best shot

Well they finally put the screws to you  
No more waiting for the other shoe  
This time the lines are being drawn  
And it's time to decide just what side you're on  
They'll try to tell you what to do  
They'd love to have control of you  
'Cause it's your spirit they lack  
And once they get it from you  
You know you won't get it back  
And now you've got your back to the wall  
And you're in danger of losing it all  
Yea don't let them tell you what to do  
Don't let it get the best of you  
It's a matter of degrees  
From being up on your luck  
To being down on your knees  
And now you've got your back to the wall  
And you're in danger of losing it all
