

# MFEO: Made for Each Other/You Can Breathe

## Jack's Mannequin

I swim across an ocean  
It's my mattress in the basement  
I'm sweatin' out excuses  
That would make your stomach turn  
The road we drove last night  
Stretched from the desert to Las Vegas  
We filled our cups, and lit one up  
The snow began to burn Oh, Oh maybe, we were made  
We were made for each other  
Ahh, is it possible for the  
World to look this way forever?  
Ahhh, Ahhh...  
I talked so much, I'm sure  
I didn't realize I'd gone crazy  
Didn't catch my bloody nose  
Or that my heart tried to explode  
I still live with my High School friends  
Some people never change at all  
We're still the same compulsive drunks  
We were when we were small Ohh, maybe, we were made  
We were made for each other  
Ahh, is it possible for the  
World to look this way forever?  
Ahhh, Ahhh...A long (a long) way to the firework days  
But I still like to burn, burn, burn  
I'm always (I'm always) in the haze of a car crash  
The orange airbag dust covers everything  
Oh, everything  
And maybe, we were made  
We were made for each other  
Ahh, is it possible for the  
World to look this way forever?  
Ahhh, Ahhh...  
You can breathe, you can breathe now  
You can breathe, but the air is running out  
You can breathe, you can breathe now  
You can breathe, but the air is running out on you You waited for me in the rain  
In the parking lot  
Cold hands, lips blue

Clothes stuck to you  
You could have phoned me for a ride  
It's a mess out there  
you said the rain's the rain  
Some air'd be good for you  
Well good for you  
(you can breathe, but the air is running out You get in my car  
Where its warm  
You cannot forget  
skin new, hands true  
My hands all over you  
so whats another night  
The seats rolled back  
They can't see through  
The rains the rain  
Some air'd be good for you You can breathe, you can breathe now  
You can breathe, but the air is running out  
You can breathe, you can breathe now  
You can breathe, but the air is running out on you And you walked for miles down  
The shores of California to the  
Coast of Mexico where you could hide  
And no one'd have to know You can breathe, you can breathe now  
You can breathe, but the air is running out  
You can breathe, you can breathe now  
You can breathe, but the air is running out (on you now) You can breathe, you can breathe now  
You can breathe, but the air is running out  
You can breathe, you can breathe now  
You can breathe, but the air is running out on you  
Running out on you
